

ASSAULTS GIRL AS SHE IS CROSSING RIVER

Stranger Attacks Allenport Miss Walking Ice-Bound Stream

POINTS OUT ASSAILANT
Charges Italian With Crime—Man is Arrested and Held for Grand Jury

Crossing the river on the ice from Fayette City to her home in Allenport, Annie Lange, a comely 18-year-old miss, was attacked by a man Thursday night, who after choking and struggling with her, wrested away her hand bag and made off. Half hysterical the girl fled to the Allenport shore and running to the railroad station there told of her assault. A few minutes later she pointed out a man who was waiting for the trolley car as her assailant. Brought to Charleroi and given a hearing before Justice of the Peace E. E. Rice on charges of assault and battery and highway robbery preferred by the girl, the man was held for court. He said his name was Carmine Rocco, and that he was from Newell.

After completing her duties in the store of the National Clothing company, at Fayette City, where she is employed, Miss Lange started to walk home across the frozen river. When she was midway out on the river a man who had quietly approached from behind suddenly seized her by the throat. Struggling in the darkness to free herself from the clutches of her assailant, and fearing the perpetration of a horrible crime, the girl managed to wrench the hand of the man from her throat and screamed for help.

Seizing her hand bag and wrenching it away from her wrist the man fled. The girl hurried on to the station. Her story told, she started home with Walter Bruce as a protector. Nearing Blackie's Crossing a man was seen standing near a pole waiting for a car.

"There's the man," exclaimed the girl.

A car came along and the man got aboard. Bruce and the girl followed. The conductor was told of the recent occurrence and at the next stop at Allenport he locked the doors and telephoned to the police at Charleroi for aid. Unable to escape the man was brought here and taken in charge by the police while Bruce and the girl went to Justice of the Peace Rice's office to enter information.

When taken before the justice the man was much confused and told different stories. The girl stated that she had between 60 cents and \$1.00 in her hand bag. In the man's pocket there was 70 cents. He was held to await action of the grand jury and bail which was not furnished was placed at \$300.

Rescuers Discover Imprisoned Man Serenely Awaiting Their Arrival

A foreigner employed in the Tremont mine, near Fayette City is considered one of the most fortunate being alive. A portion of the roof of the mine in which he was working gave way recently. Fellow workmen hastened to the scene and discovered that he was buried under many feet of debris. Expecting to find his mangled body they hastily dug away the obstruction and found the man without even a scratch serenely awaiting a chance to get out. Two rocks had fallen in the shape of a V and beneath these he was held in such a way as to prevent him from being crushed.

EXAMINE BALLOTS

Seven More Boxes Opened in Prothonotary Contest

MARTIN GAINS A LITTLE

Seven ballot boxes were opened in the Lewis-Martin prothonotary contest proceedings at Washington Thursday. These were Charleroi 2nd, Hopewell 1st, Claysville, Chartiers 1st, Hopewell 2nd, Charleroi 5th and Charleroi 4th. The recount in these precincts yesterday advanced Martin's stock a little. He gained in several of these districts.

The total vote as shown by the official figures that Lewis received in the 27 precincts already counted is 1,585. The total votes received by Martin in these precincts, according to the official count, on the Democratic ticket was 986 and on the Keystone 1,013. The count before the examiner in these 27 precincts gives Lewis a total of 1,556. In comparison with the November vote Lewis loses by the examiner's count 29 votes. The count before the examiner gives Martin on the Democratic ticket 922 votes and on the Keystone 1,013. Martin has therefore lost by the count before the examiner 64 votes on the Democratic ticket and the figures balance now on the Keystone vote. The difference therefore between Lewis' 29 lost votes and Martin's 64 lost votes is 35 votes, that Lewis is in the lead in the precinct already inquired into.

The examination of Charleroi 5th did not bring to light anything, except one double cross ballot. The official count in that district was as

MURDERER OF BOY STILL AT LIBERTY

State Police Take Up Search for Foreigner Who Shot Down John Brown at Donora—Coroner Holds Inquest

State police, the Donora police and a private detective are on the hunt of the man who shot to death Wednesday evening on the streets of Donora 15-year old John Brown. Coroner James T. Heffran Thursday afternoon conducted an inquiry into the boy's death but nothing was learned that will help the police in their search. The verdict rendered by the coroner's jury was that young Brown had come to his death by a revolver shot fired by some unknown person. The jury in its return recommends that the county authorities offer a reward for the apprehension of the murderer. The jury also took occasion to recommend the passage by the next legislature of an act to prevent the sale of firearms to anyone unless authorized in some legal way to have weapons in his possession.

It was shown by the testimony that the foreigner who killed the boy had encountered the boys shortly before the tragedy and had then cut across lots, with the intention it was asserted of again meeting the boys who had snatched him. It was testified that at the corner where the shooting occurred the foreigner caught young Brown and asked him why he had thrown snowballs. When Brown denied he had done so it was testified the man pulled the gun and shot him.

Henry Mills, a porter at the Lawrence hotel, who pursued the assassin for a distance said he had seen the man frequently on the streets but does not know who he is.

Dominick Golein, the foreigner who was arrested in Monongahela shortly after the tragedy, was brought to Donora but was not identified as the murderer. He was sent to jail on charges of carrying concealed weapons, a revolver having been found in his pocket.

J. J. Cavanaugh, of Homestead, a private detective, who is a relative has started work on the case.

PROMINENT ELK IS FOUND DEAD
Leo F. O'Brien Asphyxiated by Gas—Was Friend of Gov. Tener

The many friends of Leo F. O'Brien of McKeesport, in Charleroi were shocked to learn of his death, which occurred yesterday morning in Harrisburg. Mr. O'Brien, was serving as Assistant State Librarian. Mr. O'Brien was a prominent Elk and an active member of the Knights of Columbus, and was a frequent visitor to Charleroi in connection with both orders.

The cause of death was accidental asphyxiation from escaping gas, and the coroner decided no inquest was necessary. Mr. O'Brien was found dead in his room with a book in his hands.

Mr. O'Brien was 40 years old, a son of Colonel Edward O'Brien, and was born in New Castle, Pa. For 20 years he and Mr. Hamilton were partners in a tailoring business in McKeesport. He was a past exalted ruler of the McKeesport Lodge of Elks and a district deputy of the Elks when Governor Tener was grand exalted ruler. He was a prominent orator in the Elks and Knights of Columbus. He was a member of St. Peter's Roman Catholic church of McKeesport and a member of the organizations affiliated with the church. He was appointed Assistant State Librarian last June. His wife, one daughter and two sons, survive. They reside in Homestead. Funeral arrangements have not yet been completed.

JOHNSTOWN COMES FOR GAME TO-NIGHT
As the attraction on the local floor tonight Charleroi will have Johnstown the Central League basketball leaders. Never yet this season has Charleroi defeated Johnstown either at home or abroad. Local fans feel that there is a good chance to win the first from Fogarty and his men tonight. With the team in good shape Captain Jack Adams is like the fans exceedingly cheerful over the prospects of a victory. The game will begin at about the usual hour and the indications are that it will be watched by a large crowd, as the Johnstown five is one of the most popular teams in the league here.

Chickens of Dr. J. K. Smith and R. S. Stewart Win Places in Show

That Charleroi poultry fanciers have some of the finest chickens in the United States was evidenced this week when Dr. J. K. Smith and R. S. Stewart, of Charleroi were awarded good prizes for chickens which they had entered in the Pittsburgh Poultry show. Dr. Smith captured third prize on buff Orpington pullets and Mr. Stewart was awarded the fifth prize for a black Orpington hen. The show which opened Monday in the Exposition building had 700 entries making it the biggest ever held in the United States. More chickens were passed upon by the judges in the award of prizes than at the Madison Square Garden show in New York or at Chicago.

LECTURER HOPEFUL

Rabbi Levy Finds Much in Store for Men of Tomorrow

DELVES DEEP INTO PAST

With a ringing tribute to Ex-President Roosevelt, to whose efforts he attributes more than to any one individual during the present generation the awakening of the public conscience to civic righteousness, Rabbi J. Leonard Levy made a deep and lasting impression upon the hearts of the large and distinguished audience that greeted his lecture at School Hall Thursday evening. His theme was "Yesterday, Today and Tomorrow," and it was a masterly exposition of the progress of the human race with a glimpse into the future of blessings yet to come.

The lecture was held under the auspices of the Ladies' Guild of St. Mary's Episcopal church, and it was through personal friendship with the rector, Rev. L. W. Shey, that the distinguished rabbi consented to honor Charleroi with his presence. A large contingent came over from Monessen to attend the lecture, and others were present from various points up and down the river. Through the courtesy of Rev. Shey about 100 High School pupils were invited to attend, and the marked appreciation of this contingent added to the interest of the lecture.

Making comparisons of the antipathies of an Egyptian museum, which he had visited, with what six months later he beheld in Pittsburgh, Dr. Levy through the medium of some happy illustrations, presented a vivid contrast of the present day conditions in the progress of humanity, science and art. Pittsburgh, while ridiculed for her smoke and grime, he considered specially favored by the Lord. "It is the only city in the world," (Continued on Third Page.)

Miners Said to Want Shorter Hour Working Days

DEFEAT SOCIALIST PLAN
Organization Men Vote Against Adopting New Party Politics

An advance in the mining scale, with proportionate increase in day wages and a six or seven hour day is what the miners will likely demand in the scale agreement to be presented to the operators on April 1, when the present scale expires. This was said to be the consensus of opinion of the scale committee at the miners annual convention of The United Mine Workers of America at Indianapolis. District President Francis Feehan of No. 5 is a member of the scale committee.

By a vote of 515 to 115 the convention refused to adopt a resolution committing the organization to the Socialistic party and approved the substitute measures of the resolutions committee, declaring "it would be well if workers would unite on the political as well as the industrial field."

It is apparent that all members of the scale committee are in favor of an advance in wages, but the increase to be demanded is the question to be determined. The convention will also have to determine whether wage settlements with operators may be made by districts, or whether all wage agreements shall be held in abeyance until all district wage contracts have been successfully negotiated.

Former President T. L. Lewis, of Bridgeport, O., stated that he favors the latter plan, while many of the delegates, including a majority of those from Western Pennsylvania, are in favor of authorizing district settlements.

A somewhat animated discussion followed the reading of a resolution which was sent in from Local Union No. 848, at Collinsville, Ill., to the effect that the miners cease to affiliate with the American Federation of Labor and that the president of the United Mine Workers of America is hereby authorized and instructed to call a convention of labor in the city of Indianapolis, Ind., on the first day of April, 1912, extending invitation to all organizations now affiliated with the American Federation of Labor and all others in existence in this country for the purpose of forming an 'Industrial Organization of Labor,' having for its object 'the emancipation of the wage workers from the yoke of industrial slavery.'

SOMETHING TO CONSIDER.

At different times in different parts of the county the project has been broached to make Washington county a solid school district; that is, to secure the necessary legislation to make such a condition possible. The argument in favor of the proposition is that by bunching the receipts and expenditures a saving will be effected, and the tax payer will not only be benefited, but the schools, particularly those in the country district, could be made uniform, better and more efficient. A county school tax would be levied, instead of a special district school tax, the same as a poor tax is levied in counties that maintain a home for the poor. The tax would then be equalized throughout the county, and the big interests outside the boroughs that escape with a nominal school tax while the boroughs are over laden, would pay their just share of the educational expenses of the county. While there is much to be said in favor of a county school district, there may be serious objections—features and might retard the development of the schools or cut down their efficiency. These are matters to consider. In the meantime it might be well to discuss the feasibility of the project together with its advantages and disadvantages. Anything that will give Charleroi good schools and at the same time reduce the fifteen mill tax necessary to maintain them, is worthy at least of consideration.

MEDICAL SOCIALISM.

Because great progress has been made in the prevention and cure of tuberculosis, the idea should not gain ground that the disease can be stamped out bodily within a few years. It will take more of a fight than the doctors alone can wage, and it will require generations of correct living and economic rectitude before the dread disease is entirely eliminated. In a recent address Dr. E. Harlan Wells of this State, an expert on tuberculosis says: "Medical scientists have discovered that the factors concerned in the perpetuation and propagation of this disease are overwork, child labor, poverty, want, intemperate use of alcoholic liquors and narcotic drugs and all the various forms of vice and debauchery. Until these conditions are removed or vastly improved, tuberculosis will continue to claim its victims. When the wealth of the nation is so distributed that each man receives enough and no man too much then only may we hope to see tuberculosis eradicated."

PICKED UP IN PASSING

Dr. J. Leonard Levy, of Pittsburg, who lectured at School hall last night under the auspices of the Ladies' Guild of St. Mary's Episcopal church told an interesting story about a colored delegation that visited his good friend Booker T. Washington at Tusculum, Florida. The first spokesman of the group announced that he was an optimist, and proceeded to draw a hopeful picture of the advancement of the colored race, of which Mr. Washington was a shining example. Another sour looking colored individual drew a doleful picture of the treatment accorded the colored man and brother by numerous lynching parties, and announced that he was a pessimist. Finally a rotund Georgia negro had an inning. "Bruder Washington," he announced, "I's not a optimist, kase I doan know what dat is; I's not a pessimist, kase I doan know what dat is; but I know what I knows, an' I sees what I sees, an' I sees what I knows. When I cum down de great State of Georgia I sees de peach blossoms on de trees, an' I knows dere's goin' to be de greatest crop of peaches dat ever was. I sees little balls of 'possums in de bushes, an' I knows dere's goin' to be de greatest crop ob 'possums dat eber was. Nex fall I'll take my gun an' shoot de fattest 'possum on de smallest cherry tree—der dere's where de biggest 'possums go—an' den, when dat 'possums cookin' is when I knows dat everything is all right. "Bruder Washington, I's not a optimist—I doan know what dat is; I's not a pessimist—I doan know what dat is; but I want to tell you good an' hard dat I's a 'possumist, kase when I'se dat way everything is all right."

"I had a funny dream about you last night," said Editor G. H. Thomas of the Monessen Friday Evening Call, to the editor of the Mail. "I dreamed that you and I went up to Fredericktown together to see Philip Hileman who has just started the Fredericktown Chronicle in order to console with him over the hardships of newspaper life and to give him some fatherly advice. While we were there some one paid you three dollars on back subscription. "That will make Dan feel good," you said, pocketing the coin. "Dan who?" I asked. "Why Dan Gottheld," you replied. I owe him nine dollars and I'll just pay him the three on account. "Just then I was rudely awakened by my wife digging me in the back with her elbow. "What in the world are you laughing at?" she demanded, and then, like Kathleen Mavourneen, I realized it was 'all a dream.'"

Consumptives Helped by Tuberculosis Medicine

It is folly to believe that Consumption differs from every other disease in not requiring the use of any specific medicine for its cure. The trouble has been that none was known until the many cures effected by Eckman's Alternative began to be realized. Now, for ten years, an enormous mass of voluntary and thankful testimonials from persons who consider that they owe their lives to this remedy have been accumulating. Surely plenty of time to demonstrate its lasting value. You can write to any of them here is one: 3233 Girard Ave., Philadelphia, Pa. "Gentlemen: In the winter of 1903 I had an attack of Grippe, followed by Pneumonia, and later by Consumption. I grew steadily worse. In the winter of 1904 I had cough, night sweats, fever and raised quantities of awful looking stuff and later I had many hemorrhages; at one time, three in three successive days. Milk and eggs became so distasteful I could keep nothing down. Three physicians treated me. I was ordered to the mountains, but did not go. Eckman's Alternative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight. Three physicians treated me. LECTURER IS HOPEFUL

(Continued from first page.)

he said, "that literally is led by a pillar of cloud by day and a pillar of fire by night."

Broad minded, liberal, and steeped to the lips with a love for humanity, Dr. Levy contrasted the joys, the sorrows, and the benefits of the human race of yesterday--from the dawn of antiquity--with conditions of today, which he declared were so much better that the question is incontrovertible. Socially, religiously, and economically, the world is better off today than it ever was, and the greatest achievements along those lines, he declared, were yet to be. He contrasted the conditions of ancient Egyptian princes with the environments of the present day working man. He spoke of the wars and crimes that have been committed in the name of religion--of the Hundred Years' War, the Thirty Years' War, war every year, all in the name of religion, which now happily, had given away almost entirely to the universal sentiment of peace. Political and public graft, he said, had existed in every era of this country, but it is only in recent years that the American public has awakened to the enormity of the offense and set its face against the practice and its perpetrators.

Himself a native born Briton, with a natural love for mother country, he paid an eloquent tribute to the principals of the American government where civic and religious freedom are guaranteed to all alike, and predicted a wonderful future for the progress and uplift of humanity. He eulogized the American flag, picturing the symbols of its design and colors with what represents the advancement of humanity, and drew a picture of how peace is now superseding warlike sentiments. He was listened to with rapt attention by the large audience, and heartily applauded from time to time.

Dr. Levy was entertained at lunch by the Charleroi Community club at the Elks' home, on his arrival on the evening train, together with Rev. L. W. Shey. After the lecture, before departing on the trolley car for Pittsburgh Dr. Levy held an impromptu reception, where nearly every one of his audience shook hands and expressed the desire to hear him again some time in Charleroi. The lecture was considered a decided benefit to the community.

ENJOY SLED RIDE INTO COUNTRY

The pupils of the Seventh grade school enjoyed a sled ride Wednesday evening, and went to the home of their teacher, Miss Rodgers of Fallowfield township, where a very pleasant evening was spent. Games and other various amusements were enjoyed, after which a most delightful lunch was served.

MISERABLE DYSPEPTICS

All the world looks gloomy to the man with the upset stomach. He sees the world through smoked glasses and never tries to rub off the smoke. Cheer up, Mr. Dyspeptic, there's bright days ahead of you. Go to Piper Brothers this very day and say I want a box of MI-O-NA tablets. Take them as directed and if the misery doesn't leave your stomach and bring a sunny smile to your gloomy countenance, go and get your 50 cents back.

MI-O-NA stomach tablets will promptly end the distress of indigestion, will stop nervousness, dizziness, biliousness, sick headache and sleeplessness. Fifty cents buys a large box at Piper Brothers' and druggists everywhere.

97 PER CENT. PERFECT.

An Unusual Record for a Pile Remedy.

When Dr. J. S. Leonhardt, of Lincoln, Neb., located the cause of piles and found a successful inward remedy for piles, he had it put on sale under a strict guaranty of satisfaction. In ten years only 3 per cent. of HEM-ROID users have asked for their money back, and it speaks well for this scientific modern remedy. follows: Lewis 39, Martin (D) 18, Martin (K) nine and the Socialist nine. The count before the examiner made no change. There were 12 ballots in which there were no votes for prothonotary.

In Charleroi 4th there was found just one contested ballot. It was a straight Republican ballot, but the voter had made an "X" in each of the other straight party squares and then partly erased the crosses. There were three ballots with no votes for prothonotary upon them. The official count in that district was as follows: Lewis 30, Martin (D) five, Martin (K) 29, and the Socialist one. The only change from the official count in the examiner's count was that the vote of Lewis was reduced one vote, making it 29.

The official vote in Charleroi 2nd was as follows: Lewis 78, Martin (D) 48, Martin (K) 26, and the Socialist seven. The count before the examiner made no change. There were three double cross ballots laid aside and one erasure in a Martin vote in the prothonotary square. There were 15 ballots in which there was no vote for prothonotary.

Among The Passers

Father Sears was the Uniontown handy man on floor shooting Thursday night capturing six baskets.

Jimsey Brown had little trouble being the star floor man of the game and shot six baskets just as easy. Jimsey used to be a Uniontown star and they saw him play in his regular form.

If we can beat Johnstown tonight and Southside can pull one over on Connellsville it will be a considerable boost to our fortunes.

Charleroi closed the gap several times in the second half and with two minutes to play was ahead. Sears annexed a pair of dunks and the same number of singles and that is the way the defeat came.

Uniontown has Referee Meisel under complete subjection. His work last night drew from the Charleroi boys bitter complaints.

Miss Elizabeth Greenwood is spending the day in Pittsburgh.

Those overcoats at Berryman's are fast leaving. It's the cold weather and the low prices. Better look up these bargains. No more after this lot.

Mr. and Mrs. Joseph Carson and

daughter are spending the day in Pittsburgh.

Russell Sphar and Miss Nellie Geekie were among those from Charleroi who witnessed the production of Madam X at the Monessen Opera house Thursday night.

It is just like having money handed to you to get these savings on Clothing at Berryman's.

Mrs. Mills, of Tarentum, who has been the guest of her sister, Mrs. L. H. Goehring, of Meadow avenue for a number of weeks has returned home.

Mr. and Mrs. Lawrence Frye are spending the day in Pittsburgh.

Willis Briggs, one of Charleroi's crack bowlers will go to California tonight to participate in a bowling match, with a California bowler.

UNIONTOWN WINS FROM CHARLEROI

Big U's Compelled to Go Limit to Gather In Contest

JIMSEY BROWN FEATURE

Playing the big U boys to the limit at all periods of the game Charleroi was only beaten by a Searian rally in the latter part of the last half Thursday night at Uniontown. As it was the score ended with the U boys only five points in the lead, the score being 33 to 28.

Captain Jack and his boys went to Uniontown carrying a hunch that one of two things would happen, either that they would win or make things lively for the other fellows to win. They did the latter and came mighty near pulling away with the first.

With Jimsey Brown the boss of the floor shooting and Captain Jack Adams attending to all there was to be attended to on the foul line the first period ended with Charleroi 16 score to the good, Uniontown had nine. That looked good for a Magic City victory. Spurred to more than freight train speed Uniontown came up a little more rapidly after the second half started. In the last part of the game, with Sears leading the list the big U's pulled up ahead and remained there. Trying to duplicate Kummer's record Captain Jack Adams threw his eleventh consecutive foul without a miss and then failed on his last one. Sears and O'Donnell played well for Uniontown but Jimsey Brown and Adams were the real stars. Lineup: Charleroi 28. Uniontown 33. Adams.....F.....Boggio J. Brown.....F.....Swenson Dolin.....C.....O'Donnell A. Brown.....G.....Sears Herron.....G.....Morris

Field goals--Boggio 2, O'Donnell 3, Sears 5, Morris 2, Adams 2, J. Brown 6. Foul goals--Sears 9 out of 16. Adams 12 out of 13. Referee--Meisel.

GIRL COULD NOT SLEEP

Miss Van Steenburg, a Brooklyn, girl, lately found herself unable to sleep. Of course she was worried because there is nothing that will more quickly and certainly wreck health than to be unable to rest at night. Now sleeplessness is just a symptom of failing health, and is caused by unequal circulation of the blood. Someone evidently gave her some good advice, for she says in a recent letter, "I had been all run down and tired out for some time and got so I could not sleep nights. I had heard so much about Vinol that I tried it

ASSAULTS GIRL AS SHE IS CROSSING RIVER

Stranger Attacks Allenport Miss Walking Ice-Bound Stream

POINTS OUT ASSAILANT

Charges Italian With Crime—Man is Arrested and Held for Grand Jury

Crossing the river on the ice from Fayette City to her home in Allenport, Annie Lange, a comely 18-year-old miss, was attacked by a man Thursday night, who after choking and struggling with her, wrested away her hand bag and made off. Half hysterical the girl fled to the Allenport shore and running to the railroad station there told of her assault. A few minutes later she pointed out a man who was waiting for the trolley car as her assailant. Brought to Charleroi and given a hearing before Justice of the Peace E. E. Rice on charges of assault and battery and highway robbery preferred by the girl, the man was held for court. He said his name was Carmine Rocco, and that he was from Newell.

After completing her duties in the store of the National Clothing company, at Fayette City, where she is employed, Miss Lange started to walk home across the frozen river. When she was midway out on the river a man who had quietly approached from behind suddenly seized her by the throat. Struggling in the darkness to free herself from the clutches of her assailant, and fearing the perpetration of a horrible crime, the girl managed to wrench the hand of the man from her throat and screamed for help.

Seizing her hand bag and wrenching it away from her wrist the man fled. The girl hurried on to the station. Her story told, she started home with Walter Bruce as a protector. Nearing Blackie's Crossing a man was seen standing near a pole waiting for a car.

"There's the man," exclaimed the girl.

A car came along and the man got aboard. Bruce and the girl followed. The conductor was told of the recent occurrence and at the next stop at Allenport he jocked the doors and telephoned to the police at Charleroi for aid. Unable to escape the man was brought here and taken in charge by the police while Bruce and the girl went to Justice of the Peace Rice's office to enter information.

When taken before the justice the man was much confused and told different stories. The girl stated that she had between 60 cents and \$1.00 in her hand bag. In the man's pocket there was 70 cents. He was held to await action of the grand jury and bail which was not furnished was placed at \$300.

Caught in Slate Fall

Rescuers Discover Imprisoned Man Serenely Awaiting Their Arrival

A foreigner employed in the Mont mine, near Fayette City is considered one of the most fortunate being alive. A portion of the roof of the mine in which he was working gave way recently. Fellow workmen hastened to the scene and discovered that he was buried under many feet of debris. Expecting to find his mangled body they hastily dug away the obstruction and found the man without even a scratch serenely awaiting a chance to get out. Two rocks had fallen in the shape of a V and beneath these he was held in such a way as to prevent him from being crushed.

EXAMINE BALLOTS

Seven More Boxes Opened in Prothonotary Contest

MARTIN GAINS A LITTLE

Seven ballot boxes were opened in the Lewis-Martin prothonotary contest proceedings at Washington Thursday. These were Charleroi 2nd, Hopewell 1st, Claysville, Chartiers 1st, Hopewell 2nd, Charleroi 5th and Charleroi 4th. The recount in these precincts yesterday, advanced Martin's stock a little. He gained in several of these districts.

The total vote as shown by the official figures that Lewis received in the 27 precincts already counted is 1,585. The total votes received by Martin in these precincts, according to the official count, on the Democratic ticket was 986 and on the Keystone 1,013. The count before the examiner in these 27 precincts gives Lewis a total of 1,556. In comparison with the November vote Lewis loses by the examiner's count 29 votes. The count before the examiner gives Martin on the Democrat ticket 922 votes and on the Keystone 1,013. Martin has therefore lost by the count before the examiner 64 votes on the Democrat ticket and the figures balance now on the Keystone vote. The difference therefore between Lewis' 29 lost votes and Martin's 64 lost votes is—35 votes, that Lewis is in the lead in the precinct already inquired into.

The examination of Charleroi 5th did not bring to light anything, except one double cross ballot. The official count in that district was as

MURDERER OF BOY STILL AT LIBERTY

State Police Take Up Search for Foreigner Who Shot Down John Brown at Donora—Coroner Holds Inquest

State police, the Donora police and lots, with the intention it was as a private detective are on the hunt of the man who shot to death Wednesday evening on the streets of Donora 15-year old John Brown. Coroner James T. Heffran Thursday afternoon conducted an inquiry into the boy's death but nothing was learned. Brown denied he had done so it was that will help the police in their search. The verdict rendered by the jury in its return recommends that the county authorities offer a reward for the apprehension of the murderer. The jury also took occasion to recommend the passage by the next legislature of an act to prevent the sale of firearms to anyone unless authorized in some legal way to have weapons in his possession.

It was shown by the testimony that the foreigner who killed the boy had encountered the boys shortly before the tragedy and had then cut across a hotel, who pursued the assassin for a distance said he had seen the man frequently on the streets but does not know who he is. Dominick Golein, the foreigner who was arrested in Monongahela shortly after the tragedy, was brought to Donora but was not held as a murderer. He was sent to jail on charges of carrying concealed weapons, a revolver having been found in his pocket. J. J. Cavanaugh, of Homestead, a private detective, who is a relative has started work on the case.

INFANT CHILD IS ASPHYXIATED

Coroner Heffran Investigates Death of Young Babe at Woods Run

Coroner James T. Heffran this week investigated the death of Viola, the two months' old daughter of Mr. and Mrs. William Cole of Woods Run. The infant was found dead in bed Monday morning with its face buried in the pillow. Death was pronounced due to asphyxiation. The funeral was held Wednesday afternoon at two o'clock. Mr. and Mrs. Cole are well known people.

PROMINENT ELK IS FOUND DEAD

Leo F. O'Brien Asphyxiated by Gas—Was Friend of Gov. Tener

The many friends of Leo F. O'Brien of McKeesport, in Charleroi were shocked to learn of his death, which occurred yesterday morning in Harrigburg where Mr. O'Brien was serving as Assistant State Librarian. Mr. O'Brien was a prominent Elk and an active member of the Knights of Columbus, and was a frequent visitor to Charleroi in connection with both orders.

The cause of death was accidental asphyxiation from escaping gas, and the coroner decided no inquest was necessary. Mr. O'Brien was found dead in his room with a book in his hands.

Mr. O'Brien was 40 years old, a son of Colonel Edward O'Brien, and was born in New Castle, Pa. For 20 years he and Mr. Hamilton were partners in a tailoring business in McKeesport. He was a past exalted ruler of the McKeesport Lodge of Elks and a district deputy of the Elks when Governor Tener was grand exalted ruler. He was a prominent orator in the Elks and Knights of Columbus. He was a member of St. Peter's Roman Catholic church of McKeesport and a member of the organizations affiliated with the church. He was appointed Assistant State Librarian last June. His wife, one daughter and two sons, survive. They reside in Homestead. Funeral arrangements have not yet been completed.

JOHNSTOWN COMES FOR GAME TO-NIGHT

As the attraction on the local floor tonight Charleroi will have Johnstown the Central League basketball leaders. Never yet this season has Charleroi defeated Johnstown either at home or abroad. Local fans feel that there is a good chance to win the first from Fogarty and his men tonight. With the team in good shape Captain Jack Adams is like the fans exceedingly cheerful over the prospects of a victory. The game will begin at about the usual hour and the indications are that it will be watched by a large crowd, as the Johnstown five is one of the most popular teams in the league here.

Chickens of Dr. J. K. Smith and R. S. Stewart Win Places in Show

That Charleroi poultry fanciers have some of the best chickens in the United States was evidenced this week when Dr. J. K. Smith and R. S. Stewart, of Charleroi were awarded good prizes for chickens which they had entered in the Pittsburgh Poultry show. Dr. Smith captured third prize on buff Orpington pullets and Mr. Stewart was awarded the fifth prize for a black Orpington hen. The show which opened Monday in the Exposition building had 700 entries making it the biggest ever held in the United States. More chickens were passed upon by the judges in the award of prizes than at the Madison Square Garden show in New York or at Chicago.

LECTURER HOPEFUL

Rabbi Levy Finds Much in Store for Men of Tomorrow

DELVES DEEP INTO PAST

With a ringing tribute to Ex-President Roosevelt, to whose efforts he attributes more than to any one individual during the present generation the awakening of the public conscience to civic righteousness, Rabbi J. Leonard Levy made a deep and lasting impression upon the hearts of the large and distinguished audience that greeted his lecture at School Hall Thursday evening. His theme was "Yesterday, Today and Tomorrow," and it was a masterly exposition of the progress of the human race with a glimpse into the future of blessings yet to come.

The lecture was held under the auspices of the Ladies' Guild of St. Mary's Episcopal church, and it was through personal friendship with the rector, Rev. L. W. Shey, that the distinguished rabbi consented to honor Charleroi with his presence. A large contingent came over from Monessen to attend the lecture, and others were present from various points up and down the river. Through the courtesy of Rev. Shey about 100 High School pupils were invited to attend, and the marked appreciation of this continent added to the interest of the lecture.

Making comparisons of the antipities of an Egyptian museum, which he had visited, with what six months later he beheld in Pittsburgh, Dr. Levy through the medium of some happy illustrations, presented a vivid contrast of the present day conditions in the progress of humanity, science and art. Pittsburgh, while ridiculed for her smoke and grime, he considered specially favored by the Lord "It is the only city in the world." (Continued on Third Page.)

Miners Said to Want Shorter Hour Working Days

DEFEAT SOCIALIST PLAN

Organization Men Vote Against Adopting New Party Politics

An advance in the mining scale, with proportionate increase in day wages and a six or seven hour day is what the miners will likely demand in the scale agreement to be presented to the operators on April 1, when the present scale expires. This was said to be the consensus of opinion of the scale committee at the miners annual convention of The United Mine Workers of America at Indianapolis. District President Francis Feehan of No. 5 is a member of the scale committee.

By a vote of 515 to 115 the convention refused to adopt a resolution committing the organization to the Socialist party and approved the substitute measures of the resolutions committee, declaring "it would be well if workers would unite on the political as well as the industrial field."

It is apparent that all members of the scale committee are in favor of an advance in wages, but the increase to be demanded is the question to be determined. The convention will also have to determine whether wage settlements with operators may be made by districts, or whether all wage agreements shall be held in abeyance until all district wage contracts have been successfully negotiated.

Former President T. L. Lewis, of Bridgeport, O., stated that he favors the latter plan, while many of the delegates, including a majority of those from Western Pennsylvania, are in favor of authorizing district settlement.

A somewhat animated discussion followed the reading of a resolution which was sent in from Local Union No. 848, at Collinsville, Ill., to the effect that the miners cease to affiliate with the American Federation of Labor and that the president of the United Mine Workers of America is hereby authorized and instructed to call a convention of labor in the city of Indianapolis, Ind., on the first day of April, 1912, extending invitation to all organizations now affiliated with the American Federation of Labor and all others in existence in this country for the purpose of forming an 'Industrial Organization of Labor,' having for its object 'the emancipation of the wage workers from the yoke of industrial slavery.'

SOMETHING TO CONSIDER.

At different times in different

parts of the county the project has been broached to make Washington county a solid school district: that is, to secure the necessary legislation to make such a condition possible. The argument in favor of the proposition is that by bunching the receipts and expenditures a saving will be effected, and the tax payer will not only be benefited, but the schools particularly those in the country district, could be made uniform, better and more efficient. A county school tax would be levied. Instead of a special district school tax, the same as a poor tax is levied in counties that maintain a home for the poor. The tax would then be equalized throughout the county, and the big interests outside the boroughs that escape with a nominal school tax while the boroughs are over laden, would pay their just share of the educational expenses of the county.

While there is much to be said in favor of a county school district, there may be serious objections—features and might retard the development of the schools or cut down their efficiency. These are matters to consider. In the meantime it might be well to discuss the feasibility of the project together with its advantages and disadvantages. Anything that will give Charleoi good schools and at the same time reduce the fifteen mill tax necessary to maintain them, is worthy at least of consideration.

MEDICAL SOCIALISM.

Because great progress has been made in the prevention and cure of tuberculosis, the idea should not gain ground that the disease can be stamped out bodily within a few years. It will take more of a fight than the doctors alone can wage, and it will require generations of correct living and economic rectitude before the dread disease is entirely eliminated. In a recent address Dr. E. Harlan Wells of this State, an expert on tuberculosis says:

"Medical scientists have discovered that the factors concerned in the perpetuation and propagation of this disease are overwork, child labor, poverty, want, intemperate use of alcoholic liquors and narcotic drugs and all the various forms of vice and debauchery. Until these conditions are removed or vastly improved, tuberculosis will continue to claim its victims. When the wealth of the nation is so distributed that each man receives enough and no man too much then only may we hope to see tuberculosis eradicated."

PICKED UP IN PASSING

Dr. J. Leonard Levy, of Pittsburgh, who lectured at School hall last night under the auspices of the Ladies' Guild of St. Mary's Episcopal church told an interesting story about a colored delegation that visited his good friend Booker T. Washington at Tuscegee, Florida. The first spokesman of the group announced that he was an optimist, and proceeded to draw a hopeful picture of the advancement of the colored race, of which Mr. Washington was a shining example. Another sour looking colored individual drew a doleful picture of the treatment accorded the colored man and brother by numerous lynching parties, and announced that he was a pessimist. Finally a rotund Georgia negro had an inning. "Brudder Washington," he announced, "Is's not a optimist, kase I doan know what dat is: I'se not an pessimist, kase I doan know what dat is: but I know what I knows, an I sees what I sees, an I sees what I knows. When I cum down de great State of Georgia I sees de peach blossoms on de trees, an I knows dere's goin' to be de greates' crop of peaches dat ever was. I sees little balls of 'possums in de bushes, an I knows dere's goin' to be de greates' crop ob 'possums dat eber was. Nex fall I'll take my gun an' shoot de fattes' possum on de smalles' cherry tree—for dere's where de bigges' 'possums go—an' den, when dat 'possums cookin' is when I knows dat everything is all right.

"Brudder Washington, I'se not a optimist—I doan know what dat is: I'se not a pessimist—I doan know what dat is; but I want to tell you good an' hard dat I'se a 'possumist, kase when I'se dat way everything is all right."

"I had a funny dream about you last night," said Editor G. H. Thomas of the Monessen Friday Evening Call, to the editor of the Mail. "I dreamed that you and I went up to Fredericktown together to see Philip Hileman who has just started the Fredericktown Chronicle in order to condole with him over the hardships of newspaper life and to give him some fatherly advice. While we were there some one paid you three dollars on back subscription. 'That will make Dan feel good,' you said, pocketing the coin. 'Dan who?' I asked. 'Why Dan Gottheld,' you replied. 'I owe him nine dollars and I'll just pay him the three on account. 'Just then I was rudely awakened by my wife digging me in the back with her elbow. 'What in the world are you laughing at?' she demanded, and then, like Kathleen Mavourneen, I realized it was 'all a dream'."

Consumptives Helped by Tuberculosis Medicine

It is fully to be believed that Consumption differs from every other disease in not requiring the use of any specific medicine for its cure. The trouble has been that none was known until the many cures effected by Eckman's Alternative began to be realized. Now, for ten years, an enormous mass of voluntary and thankful testimonials from persons who consider that they owe their lives to this remedy have been accumulating. Surely plenty of them to demonstrate its lasting value. You can write to any of them. Here is one: 3223 Girard Ave. Philadelphia, Pa. "Gentlemen: In the winter of 1903 I had an attack of Grippe, followed by Pneumonia, and later by Consumption. I grew steadily worse. LECTURER IS HOPEFUL

(Continued from first page.)

he said, "that literally is led by a pillar of cloud by day and a pillar of fire by night."

Broad minded, liberal, and steeped to the lips with a love for humanity. Dr. Levy contrasted the joys, the sorrows, and the benefits of the human race of yesterday—from the dawn of antiquity—with conditions of today, which he declared were so much better than the question is in controversy. Socially, religiously, and economically, the world is better off today than it ever was, and the greatest achievements along those lines, he declared, were yet to be. He contrasted the conditions of ancient Egyptian princes with the environments of the present day working man. He spoke of the wars and crimes that have been committed in the name of religion—of the Hundred Years' War, the Thirty Years' War, and every year, all in the name of religion, which now happily, had given away almost entirely to the universal sentiment of peace. Political and public graft, he said, had existed in every era of this country, but it is only in recent years that the American public has awakened to the enormity of the offense and set its face against the practice and its perpetrators.

Himself a native born Briton, with a natural love for mother country, he paid an eloquent tribute to the principals of the American government where civic and religious freedom are guaranteed to all alike, and predicted a wonderful future for the progress and uplift of humanity. He eulogized the American flag, picturing the symbols of its design and colors with what represents the advancement of humanity, and drew a picture of how peace is now superseding warlike sentiments. He was listened to with rapt attention by the large audience, and heartily applauded from time to time.

Dr. Levy was entertained at lunch by the Charleroi Community club at the Elks' home, on his arrival on the evening train, together with Rev. L. W. Shey. After the lecture, before departing on the trolley car for Pittsburg Dr. Levy held an impromptu reception, where nearly every one of his audience shook hands and expressed the desire to hear him again some time in Charleroi. The lecture was considered a decided benefit to the community.

ENJOY SLED RIDE

INTO COUNTRY

The pupils of the Seventh grade school enjoyed a sled ride Wednesday evening, and went to the home of their teacher, Miss Rodgers of Fallowfield township, where a very pleasant evening was spent. Games and other various amusements were enjoyed, after which a most delightful lunch was served.

Sometimes.
And it sometimes happens that a dressmaker ruffles a customer's temper.

Good Advice.
We should all strive to endure our troubles as cheerfully as we endure those of our friends.

And Glad to Be Alive.
Some men live in the country, some in the city, others just catch a breeze.

EXAMINE BALLOTS

(Continued from first page.)

follows: Lewis 39, Martin (D) 18, Martin (K) nine and the Socialist nine. The count before the examiner made no change. There were 12 ballots in which there were no votes for prothonotary.

In Charleroi 4th there was found just one contested ballot. It was a straight Republican ballot, but the voter had made an "X" in each of the other straight party squares and then partly erased the crosses. There were three ballots with no votes for prothonotary upon them. The official count in that district was as follows: Lewis 30, Martin (D) five, Martin (K) 29, and the Socialist one. The only change from the official count in the examiner's count was that the vote of Lewis was reduced one vote, making it 29.

The official vote in Charleroi 2nd was as follows: Lewis 78, Martin (D) 48, Martin (K) 26, and the Socialist seven. The count before the examiner made no change. There were three double cross ballots laid aside and one erasure in a Martin vote in the prothonotary square. There were 15 ballots in which there was no vote for prothonotary.

MISERABLE DYSPEPTICS

All the world looks gloomy to the man with the upset stomach. He sees the world through smoked glasses and never tries to rub off the smoke. Cheer up, Mr. Dyspeptic, there's bright days ahead of you. Go to Piper Brothers this very day and say I want a box of MI-O-NA tablets. Take them as directed and if the misery doesn't leave your stomach and bring a sunny smile to your gloomy countenance, go and get your 50 cents back.

MI-O-NA stomach tablets will promptly end the distress of indigestion, will stop nervousness, dizziness, biliousness, sick headache and sleeplessness. Fifty cents buys a large box at Piper Brothers and druggists everywhere.

97 PER CENT. PERFECT.

An Unusual Record for a Pile Remedy.

When Dr. J. S. Leonhardt, of Lincoln, Neb., located the cause of piles and found a successful inward remedy for piles, he had it put on sale under a strict guaranty of satisfaction. In ten years only 3 per cent. of HEM-ROID users have asked for their money back, and it speaks for this scientific modern remedy. Get a guaranteed \$1 package from Piper Bros., Charleroi, Pa., or any druggist, or write to Dr. Leonhardt, Co., Station B, Buffalo, N. Y., for free HEM-ROID booklet.

LOCAL NOTES

Brief Mention of People and Events in this Community.

Mike Monack and family have gone for New York to sail for Italy where they will visit for several weeks. Five local Italians left Thursday

afternoon for New York city from where they will sail for Italy.

Don't fail to attend the Star Theatre Saturday and Monday evenings. Two big feature shows. Big educational features. Saturday night.

George Kline spent Thursday in Pittsburgh. Rev. W. W. Hunter of Buffalo vil-

Among The Passers

Father Sears was the Uniontown handy man on floor shooting Thursday night capturing six baskets

Jimsey Brown had little trouble being the star floor man of the game and shot six baskets just as easy. Jimsey used to be a Uniontown star and they saw him play in his regular form

If we can beat Johnstown tonight and Southside can pull one over on Connellsville it will be a considerable boost to our fortunes.

Charleroi closed the gap several times in the second half and with two minutes to play was ahead. Sears annexed a pair of doubles and the same number of singles and that is the way the defeat came

Uniontown has Referee Meisel under complete subjection. His work last night drew from the Charleroi boys better complaints

lage, this county, is the guest of his son, Dr. J. W. Hunter, of Washington avenue.

All pictures framed to order, will be sold if not called for by January 20. Collins Wall Paper Co. 1444

Mr. and Mrs. David Provinces have gone to Brownsville where they will take up housekeeping.

If you would make a real saving on a suit for man or boy, go to Berryman's Clearance Sale. Better do it today. They sell dependable clothes. 1444

Miss Elizabeth Greenwood is spending the day in Pittsburgh.

Those overcoats at Berryman's are fast leaving. It's the cold weather and the low prices. Better look up these bargains. No more after this lot. 1444

Mr. and Mrs. Joseph Carson and

Sears and his fellows managed to get an 8-1 lead in fore part of the first half, but when the Magic Citizens took a spurt they quickly placed themselves in the lead.

UNIONTOWN WINS FROM CHARLEROI

Big U's Compelled to Go Limit to Gather In Contest

JIMSEY BROWN FEATURE

Playing the big U boys to the limit at all periods of the game Charleroi was only beaten by a Searian rally in the latter part of the last half Thursday night at Uniontown. As it was the score ended with the U boys only five points in the lead, the score being 33 to 28.

Charleroi carried a hunch that one of two things would happen, either that they would win or make things lively for the other fellows to win. They did the latter and came mighty near pulling away with the first.

With Jimsey Brown the boss of the floor shooting and Captain Jack Adams attending to all there was to be attended to on the foul line the first period ended with Charleroi 16 score to the good. Uniontown had nine. That looked good for a Magic City victory. Spurred to more than freight train speed Uniontown came up a little more rapidly after the second half started. In the last part of the game, with Sears leading the list the big U's pulled up ahead and remained there. Trying to duplicate Kummer's record Captain Jack Adams threw his eleventh consecutive foul without a miss and then failed on his last one. Sears and O'Donnell played well for Uniontown but Jimsey Brown and Adams were the real stars. Lineup:

Charleroi 28 Uniontown 33. Adams F Boggio J. Brown F Swenson Dolin C O'Donnell A. Brown G Sears Herron G Morris Field goals---Boggio 2, O'Donnell 3, Sears 5, Morris 2, Adams 2, J. Brown 6. Foul goals---Sears 9 out of 16. Adams 12 out of 13 Referee---Meisel.

GIRL COULD NOT SLEEP

Miss Van Steenburg, a Brooklyn girl, lately found herself unable to sleep. Of course she was worried because there is nothing that will more quickly and certainly wreck health than to be unable to rest at night.

Now sleeplessness is just a symptom of failing health, and is caused by unequal circulation of the blood. Someone evidently gave her some good advice, for she says in a recent letter, "I had been all run down and tired out for some time and got so I could not sleep nights. I had heard so much about Vinol that I tried it
